Panoramic Views among the best in Nevada County! A Peaceful, Private and Serene setting hosts this beautiful and completely remodeled home of over 5,000 square feet which boasts 2 levels with each level having its own kitchen and living rooms. This custom home lives like two homes in one. The main level has the home's master suite with a fireplace connecting the bathroom to the bedroom, sitting area, and a large walk in closet. Between the foyer and kitchen is a formal living and dining room with an additional fireplace. On the lower level, you have 2 suites with bathrooms, a kitchen, and a dining and living room. Beautiful in ground pool surrounded by 10 acres. Attached 3 car oversized garage and a detached workshop too. Home has a 2 year old owned roof mounted solar array that keeps the electric bills to a minimum too. Come to see this special Nevada City home on acreage you will be so glad you did!
